

Proof – all-weather active wear

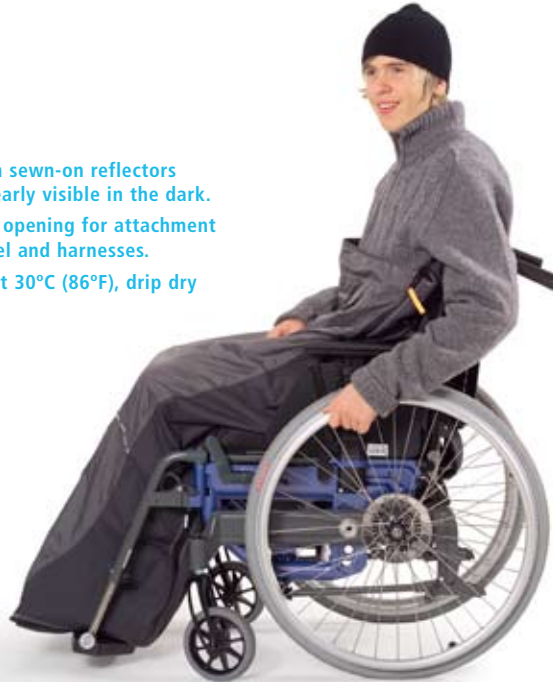

Now you can be more comfortable outdoors, even in cold and rain. Etac's product range Proof is a group of well-designed activewear specially made for use in wheelchairs. Proof is made of top quality waterproof Helly Tech fabric, which is breathable and features a warm fleece lining.

Proof weather protector that doesn't get tangled in the wheels

Thanks to Helly Hansen, Etac has secured one of the best quality materials on the market for its weather protector. It is available in children's, junior and adult sizes, and has been designed with lots of smart user features. The entire front panel is detachable, and the weather protector is very easy to put on and take off. When in use it doesn't come into contact with the wheels at all. It also has reinforced sections over and under the feet.

- Comes with sewn-on reflectors that are clearly visible in the dark.
- Features an opening for attachment of a pommel and harnesses.
- Washable at 30°C (86°F), drip dry

Waterproof thermal leg warmer that is easy and comfortable to use

The Proof thermal leg warmer is specially designed for use in wheelchairs. This protective leg cover replaces the classic blanket and is part of a product group we call Proof. It is adjustable at the waist and round the legs and has been designed so that it doesn't get tangled in the wheels. As the leg warmer is made of waterproof, breathable Helly Tech fabric it is also ideal as raingear to protect the legs.

It is made of top quality waterproof fabric, which is breathable and features a cosy fleece lining. The leg warmer will be much welcomed by many who spend a lot of time sitting outdoors.

- Features sewn-on reflectors that are clearly visible in the dark.
- Comes in an attractive cloth bag.
- Washable at 30°C (86°F), drip dry
