

<b>Orca</b>													
User information appropriate for use by people with visual, reading or cognitive disability	The latest version of all instructions is always available on the R82 website <a href="http://support.R82.org">support.R82.org</a> and can be printed in larger sizes												
Information available in pictogram	The instructions are made as pictograms												
Intended use and intended environment including standard options	The Orca is a bath tub designed to be used in a bathroom. It can be used with or without a bathing seat and is suitable for children up to 50 kg (110 lb). For children needing support whilst sitting/bathing, we recommend the Penguin or the Flamingo seat size 1+2 from R82. The bath tub is mounted on a height adjustable frame to provide the carer with optimum working conditions. The Orca comes in one size and is only for indoor use but can in an emergency be taken outside.												
Maintenance instructions	<p>Maintenance of a medical device is wholly the responsibility of the owner of that device. Failure to maintain a device in accordance with the instructions may invalidate the device's warranty. Furthermore, failure to maintain a device may compromise the clinical condition or safety of users and/or their caregivers.</p> <table border="1"> <thead> <tr> <th>Frequency</th> <th>Description</th> </tr> </thead> <tbody> <tr> <td>1<sup>st</sup> day</td> <td> <ul style="list-style-type: none"> <li>- Read the User Guide carefully before use and store it in a safe place for future reference</li> <li>- Remove and safely dispose the protective film from the bath tub</li> </ul> </td> </tr> <tr> <td>Before every use</td> <td> <ul style="list-style-type: none"> <li>- Visual inspection.
