Statement	This declaration of conformity is issued under the sole responsibility of the manufacturer. The device(s) covered by this declaration of conformity is/are in conformity with UK MDR 2002 (Medical Device Regulations 2002)		
Basic UDI-DI	57072920536033A		
GMDN	61700		
Intended purpose	<p>The family of R82 Standing devices consist of assistive devices intended for the alleviation of or compensation for a functional impairment due to an injury or disability. The devices are designed for an individual lacking the ability to maintain the standing position without the use of an assistive device.</p> <p>Addax is an assistive device designed to support infants, children and adolescents (and adults who fit within the dimensions of the device) to perform supported standing. The device is intended for users where limited leg and trunk control makes standing upright difficult or impossible without support. The device has adjustable features in the frame and accessories to accommodate for the individual needs of the user.</p>
