

Molift Smart 150

Compact smartness - light, foldable and transportable without tools

Molift Smart 150 is designed for transfers over short distances, such as between the bed and a chair, or into the bathroom. It can easily be wheeled and transported to where it is needed. Due to its low weight and small footprint, the Molift Smart 150 is easy to manoeuvre even in narrow spaces. The hoist is ideal for home care but can be used in any care setting.

The hoisting range provides an excellent maximum hoisting height and can also lift from the floor. The integrated 4-point sling bar ensures a comfortable and spacious hoisting position for the user. The Molift Smart 150 is foldable in one piece without using any tools making it great for traveling and easy storage. A soft travel bag and a hard shell suitcase are available as accessories.

Easy to manoeuvre

Lightweight and compact design makes it easy to manoeuvre.

4-point sling bar

Ensures the user a comfortable and spacious hoisting position.

Foldable without tools

Easy handling simplifies everyday life and transport when traveling.

Hand control

Robust and washable, Indicators for battery, overload, and service.

Features

Ergonomic handling

The Molift Smart 150 is equipped with Molift's unique push bar that provides multiple and flexible grip possibilities for improved caregiver ergonomics.

Life expectancy

The hoist has an expected lifetime of 30,000 cycles or 15 years, whichever comes first.

Battery

The battery features advanced Li-Ion technology and a safe, sealed design makes it washable (IPX6). It weighs only 0.9 kg, and can be replaced with a single hand.

The battery can be charged directly on the hoist*, and an external charger is also available. The charging time is only 3.5 hours. Fully charged it delivers 100 hoists at 75 kg, and is compatible with all Molift mobile hoists.

With a life expectancy of 1,700 charging cycles and a 5-year warranty, the battery is built to last.

*Direct charging is not applicable for the Japanese market.

Speed boost

The speed boost feature enables increased speed, when the actuator is unloaded.

Hand control

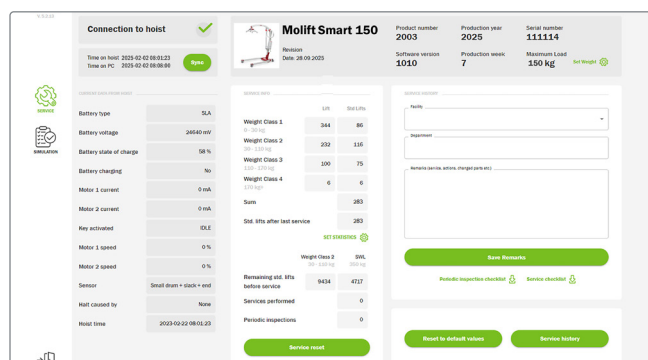

The hand control is robust and well-proven. It features a battery level indicator, overload indicator, and service indicator to ensure optimal performance and safety.

Designed for durability, the cable can be easily replaced if damaged, and the hand control is washable (IPX6).

Molift Service Tool

Molift Smart 150, like all Molift hoists, is equipped with a unique service notification system that notifies when service is required. The integrated service software can also display data about hoist usage and can assist service technicians in troubleshooting.

Additionally, the hoist is equipped with Bluetooth connectivity, enabling wireless connection to Molift Service Tool.

Product

Molift Smart 150	M1020
Molift Soft Travel Bag	3049177
Molift Travel Suitcase	0990200

Weight

Safe working load (SWL)	150 kg
Weight of unit (excl. battery)	24 kg

Dimensions

Length	1200 mm
Leg height	110 mm
Dimensions folded	L1160 x W475 x H360 mm
Hoisting height	195–1665mm
Hoisting interval	1470 mm

Material

Aluminium, steel

Technical

Battery	Li-Ion 25.2V, 2.85Ah
Battery charge time	3.5 hours
Hoisting speed	60 mm/sec
Rated performance	100 hoists/75 kg/500 mm

Cleaning

Clean / disinfect the product using a standard non-abrasive cleaning agent with a pH between 5 and 9, or with a 70% disinfectant solution
