

Etac Swift Commode

A three-in-one solution

 **etac**[®]

Etac Swift Commode

Swift Commode is a versatile product that can be used as a commode, shower chair or toilet seat raiser. It is excellent for people who need access to a toilet near the bed, since it provides functionality combined with a discreet design for the bedroom. The commode is just as suitable in the bathroom, as it is can sustain wet environments and be used in the shower as well as over the toilet.

Three-in-one functionality

In the bedroom, Swift Commode functions as a nearby toilet. Designed like an armchair, the soft pads for seat and back support are removable and conceal a pan with a self-locking lid. The commode is equally suited for the bathroom, where it can be used as a shower chair with or without the pads. When placed over the toilet, it functions as a free-standing toilet seat raiser. The chair can easily be adjusted to the preferred height, and the armrests offer a stable support when standing up or sitting down.

Designed for flexibility

Swift Commode is light in weight and easy to move between the bedroom and bathroom. At the same time, it can accommodate larger users with a maximum user weight of 160 kg. It is height-adjustable between 42-57 cm, and can be set with a slight anterior tilt to further facilitate standing up.

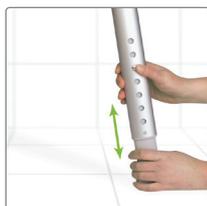

Easy assembly and cleaning

Swift is easy to assemble without the need for any tools. Armrests and back support can just as easily be removed if needed, which also simplifies cleaning. The chair has smooth surfaces and is non-corroding. The seat pad, back support pad and pan are included as standard.

Etac Swift Commode	Item no.	Weight

Features

Smart height adjustment

The telescopic legs can swiftly be adjusted to the preferred height thanks to a self-locking button that clicks into place. The oval shape prevents the legs from turning when making the adjustment. There are no loose parts to misplace.

Dependably stable

The chair has a large footprint which makes it extremely stable, and a generous maximum user weight of 160 kg. The legs' responsive, non-slip ferrules adapt to the floor and provide an excellent grip on wet or uneven surfaces.

Easy handling

Swift Commode comes flat-packed in a smart carry case. Since the chair is easily assembled and disassembled, the case can be saved and used for further transports if the chair is used in several venues or settings.

Pan with integrated, self-locking lid

The pan with a tight-locking lid, fits smoothly and becomes one with the seat. The pan has a handle in the back as well as an upright handle that automatically locks the lid when carried.
